Consultant, temporary full-time (37.5 hours/week) in the Supported Child Development Program (Primarily Tri-Cities)

Be a part of a dynamic and forward thinking team that is continuously looking at how we best support families with children birth to 12 years old with extra support needs who wish to have their child participate fully in a community child care and/or preschool of their choice. We are seeking someone who is attachment-oriented, family-centered, and reflective with a profound respect for developmental approaches to understanding children and enfranchising parents. You will work as part of an integrated service system for children and their families a the core of what you do. Services are coordinated with those of other early intervention and family support programs such as the Infant Development, Key Worker Service, and Early Intervention Therapies as part of a constellation of early intervention and family support services to families of infants/young children with developmental delays and disabilities.

Summary of Qualifications

- A **4 year degree** from a University or College of recognized standing in a field related to Supported Child Development (e.g. child and youth care, social work, psychology, early childhood education)
- **Minimum 3 years of experience** working with and facilitating a process of individual planning and service coordination for families of infants/young children with developmental delays and disabilities
- High level of understanding and experience with regard to early childhood development and the impact of disability and delay on growth and development
- Demonstrated understanding of core issues related to lifelong disability/community living and ability to support families in addressing those issues within a family-centred/directed model
- Demonstrated practical experience in exercising independent judgment and initiative. Excellent interpersonal and communication skills (written and verbal, including record keeping, reporting, presentation and public speaking) and ability to work as an effective team member.
- Experience working with children with developmental delays within a consulting home and community visiting model is an asset

Terms of Employment
