

November 7, 2018

Community Partners:

We want to communicate some important dates with you about referrals to the Supported Child Development Program.

If you have a child attending preschool and will be eligible to enter Kindergarten in September 2019 the last date you can refer to the SCD Program will be December 31, 2018.

Children referred between now and December will receive observations, recommendations and some assistance with the transition into Kindergarten.

If you have a child in daycare and they will continue in child care upon school entry you can continue to refer to our program at any time.

If you have any questions about this information or are querying a referral, please feel free to call us. You can reach our Intake at 604-525-8242; Sandra Hogg.
