

We Are Hiring

GUIDE - LIFE SERVICE

Kinsight has been supporting people with developmental disabilities for almost sixty-five years! Our Vision: Everyone's Welcome, Everyone Belongs, Everywhere. Our mission is to promote options and opportunities for people to have meaningful relationships and fulfilling lives.

We are one of five organizations across the province that has been selected to try out a brand new service for adults with developmental disabilities called LIFE. The Guide within the LIFE Service works closely with people who use the service to co-design, deliver, evaluate and continually improve the effectiveness of the service. The LIFE Service focuses on a blend of supports aimed at assisting people to achieve their ambitions related to employment, community connection, lifelong learning and relationship (or friendship) building.

We are looking for a brand new kind of person to help Guide the development and delivery of our one year pilot project – that we hope will turn into a permanent service. The Guide within the LIFE Service works closely with people who use the service to co-design, deliver, evaluate and continually improve the effectiveness of the service. The LIFE Service focuses on a blend of supports aimed at assisting people to achieve their ambitions related to employment, community connection and lifelong learning. The LIFE Service strategies incorporate the development and strengthening of informal support networks and personal skill and confidence enhancement.

We think the Guide is someone who would describe themselves like this...

*"I have a knack for unconventional problem solving and have a huge reservoir of ideas I am eager to share. I am up to date on the **current** best practices around supporting people to connect in community, expand their informal support circles and find work, and yet I am ready to push forward and invent the **next** best practices. My knowledge, experience and insights fuel my forward movement rather than anchor me in place.*

***And**, I am happy with a flexible work schedule based out of Port Coquitlam and New Westminister. I have a degree/diploma in social services, community support or rehabilitation services and a few years of experience working with people with developmental disabilities. I have my own vehicle, a good driving record and am happy to use my car for work.*

***And**, I understand that this is a one year position, but if it is extended I would love to stick around!"*

Does that sound like you?

If so, please send along a cover letter and your resume to: Andrea Mohr at employment@kinsight.org
